APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins or before the Proof of Completion of Work is filed.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The pumping of the well for irrigation purposes shall be limited to 72 hours per week, for the period May 1 through August 31 each year in accordance with an agreement between the applicant and the Hafen Brothers dated February 15, 1997.

The place of use of this permit is limited to the irrigation of 4.2 acres within the described place of use.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.21 cubic feet per second, but not to exceed 21.0 acre-feet per season, and not to exceed a seasonal duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before:

April 9, 1998

Proof of completion of work shall be filed before:

May 9, 1998

Application of water to beneficial use shall be filed on or before:

April 9, 2000

Proof of the application of water to beneficial use shall be filed on or before:

May 9, 2000

Map in support of proof of beneficial use shall be filed on or before:

May 9, 2000

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,  
State Engineer of Nevada, have hereunto set

my hand and the seal of my office,

this 9th day of April, A.D. 1997

  
State Engineer

Completion of work filed MAR 26 1998

Proof of beneficial use filed MAR 02 2000
